INTRO 2X

VERSE 1

How lovely it is to dwell in You
My soul longs and faints to be near You
My heart and my flesh sing, I'm filled up with joy
I can't help but cry to the living God

PRE-CHORUS

You bless those in Your house, the ones that love Your name
And I just want to be where You are, my life to sing Your praise

CHORUS 1

I need to be close to You, just sit in Your presence
Where You are, my soul will move to seek Your affection
I'll learn to submit to You, Lord hear my confession
So much my own strength can't do, You leave me so desperate for more

TURNAROUND

VERSE 2

The sparrow finds a nest
And the swallow a place where they can make a home
At the feet of the Lord
And here at Your altar, my King and my God
The Lord of Hosts, I'm desperate to be known by You

PRE-CHORUS > CHORUS 1
