Intro, V1, C, V2, C, B, C

## Verse 1

Too broken to see, I watch you try and lift your eyes  
You fight to believe, afraid you'll never leave the night  
Oh weary heart, keep your eyes on the King

## Chorus

Come up here, I dwell in majesty  
Come up here, there's nothing in between  
When your brokenness has left you without air  
Come up to me

## Verse 2

Too weary to see, I hear you try and lift your voice  
Your heart keeps the beat of hallelujahs in your grief  
Oh weary heart, keep your eyes on me

## Chorus

Come up here, I dwell in majesty  
Come up here, there's nothing in between  
When your brokenness has left you without air  
Come up to me

Everything ceases, peace is here  
You're in the presence of a King  
Come now and worship, come as you are  
You're in the presence of a King

Come now and worship, come as you are
