INTRO

VERSE 1

A narrow road is all I've seen.
These mountains high and I am weak.
Just when I thought I was alone,
You were there on the throne.

VERSE 2

When I remember all You've done,
Oh, I will praise and thank the Son.
In every season that I've known,
You were there on the throne.

CHORUS 1

Let Your kingdom reign down,
May our voices be loud,
As we lift up and shout,
Singing glory.
Let Your kingdom reign down,
May our voices be loud,

REFRAIN 1

Heaven is here right - now.

VERSE 3

The God of wonders, Prince of Peace,
The horns of heaven, the melodies,
For all my sins that you atone,
I will worship Your throne.

CHORUS 1 > REFRAIN 1 2X

BRIDGE 1

All of the shame, all of the burden
All that was lost, and all that is broken
You came and saved, You rescued me
Now I'm redeemed.

BRIDGE 2

All of the shame, all of the burden
All that was lost, and all that is broken
You came and saved, You rescued me
Now I'm redeemed.

CHORUS 2

Let Your kingdom reign down,
May our voices be loud,
As we lift up and shout,
Singing glory.
Let Your kingdom reign down,
