Blinded by fear,
I can't suppress the storm ahead.
My way no longer clear,
Through chaos I can't comprehend.

And Lord I know You're here.
The waves obey what you command.
Your kindness draws me near,
Closer than I've ever been.

PRE-CHORUS 1

And all along it was so sim - ple,
All along it was so sim - ple.

CHORUS

Just one look at the savior,
Just one look at the savior,
Just one look at the savior,
Freedom is fou - nd.

VERSE 3

When I'm filled with doubt
When sin tries to entangle
I see Your love reach out
In weakness You are faithful

And steady as the stars,
You show us every season
And You see past my scars
I find hope in every healing
