INTRO 2X

VERSE 1

In the beginning, You spoke a word
And Your light filled the face of the Earth.
Life was upspringing to proclaim who You are
Through the sun and the moon and the stars.

VERSE 2

Made in Your image, You brought breath to
My lungs and life to these dry brittle bones.
My very existence, it all ties back to You
and reflects of the truth.

CHORUS 1A

You are good, You are good, You are good,
From the tops of the trees to the depths of the seas.
You are good, You are good, You are good.
For the light that You bring all creation will sing,
You are good.

TURNAROUND

VERSE 3

When everything's gol-den, it's easy to praise,
When things seem to be going my way.
Though if anything's bro-ken, oh I doubt and I blame
Yet You love me the same.

VERSE 4

Through my every emo - tion, You never change,
You've been with me for all of my days.
So with all my devo-tion, I'll give thanks
Through it all and remember to say,

CHORUS 2A

"You are good, You are good, You are good,
From the highs to the lows 'till Your character shows."
You are good, You are good, You are good
Oh and you love me so I can be still and know
You are good.

TAG 1

I can be still and know
You are good.

BRIDGE 1

In the sun, in the rain,
He's been good to me.
Through my joy, through my pain,
He's been good to me.
