There was a day when we couldn't reach it  
Just one place where all His fullness would dwell  
There was no access into His presence  
Only the High Priest could meet His glory

Just one man could enter  
Just one man could stand

### VERSE 2

There came a Savior who was the way in  
Jesus the image of the invisible God  
And at the ninth hour He breathed His last breath  
The all-sufficient sacrifice

### PRE-CHORUS 2

Jesus our redeemer  
The way the truth the life

### CHORUS 1

He has torn the veil  
There is no divide  
Where men to God is reconciled  
He has torn the veil, He has made a way  
To enter in to His holy place

We have His Spirit, we feel His nearness  
But long to see Him face to face  
The more we know Him, the more we want Him  
The more we hunger for that day

Though we see Him dimly  
Then we'll see in full

He will be revealed before our very eyes  
All our hope fulfilled the promise realized  
He himself our light and we will be His bride
