INTRO

VERSE 1
I was right in my eyes, my sin made me blind
But Your mercy helped me see
That my failure was great, and death was my wage
But You paid the price for me

CHORUS 1
By grace through faith, I have been set free
In Christ alone, and what He did for me
In the grave of my sin, where my life would begin
By grace through faith, I have been set free

TURNAROUND

VERSE 2
For my guilt and my shame, Your love made a way
To forget the wrong I've done
By the work of the Son, the shedding of His blood
On the cross the battle's won

CHORUS 2
By grace through faith, I have been set free
In Christ alone, and what He did for me
In the grave of my sin, where my life would begin
By grace through faith, I have been set free

INTERLUDE

BRIDGE 1
Because You're rich in mercy
Because of Your great love
You chose to take my place
From Your body flowing grace
I know you are my ransom
Because you live again
Oh God you made me new
I will only trust in You

BRIDGE 2
Because You're rich in mercy
Because of Your great love
You chose to take my place
From Your body flowing grace
My Jesus you're my ransom
Because you live again
Oh God you made me new
I will only trust in You
