INTRO

VERSE 1

There's an end to every season
An open door to the unknown
And when I'm standing in the valley
It's hard to see the hope

CHORUS 1

Even in the waiting, I will praise Your name
For even when the sun goes down,
The stars still sing Your praise
I have seen Your wonders, I know them full well
So I will still be faithful, even in the drought

INTERLUDE

VERSE 2

I'm letting go of all my worry
As I leave the past behind
Because I know that You are with me
And You never left my side

CHORUS 1

TAG

Even in my doubt

BRIDGE

Here I am at Your feet
Begging to be free
I surrender all I am
For all You have for me
In Your will I'm satisfied
I give You my life
You can have my life

CHORUS 2

Even in the waiting, I will praise Your name
For even when the sun goes down,
The stars still sing Your praise
I have seen Your wonders, I know them full well
So I will still be faithful, even in the drought
